Design Challenge

Team Members:

#1: ASK! What's the problem?

#2: IMAGINE! What supplies do you have?   How could you use them?

#3: DESIGN! Draw your first solution.

#4: CREATE!
Build based on your design.

Follow your design.

#5: REFLECT!
Did your design solve the problem?

If no, why? How can you improve your design? Draw your new design on a Redesign Sheet.

If yes, how did it solve the problem? How can you improve? Draw your new design on a Redesign Sheet..
